

Prayer for Family Healing

Dear Lord and Father, our family needs You to heal us from our sufferings and reunite our hearts in love. The harshness of words can cause sorrow and pain. The responsibilities of daily life can cause anxiety and distress. The crosses that each member of our family carries are heavy. We need your presence to be our

strength, our patience, and courage and understanding. Lord, when we have wronged one another, let us come forward with humble hearts and when we have been wronged let us forgive unconditionally. Amen.
